

Footplate Crew

The Footplate Crew drive the steam trains along the Strathspey Railway. To become a Driver takes some time – progressing from Engine Cleaner to Fireman first.

The Engine Cleaner assists the Fireman in preparing the Steam Locomotive for service.

The role of Fireman is physically demanding although rewarding – early start to light the fire, shoveling a few tons of coal, coupling the engine on/off the train, operating the points and you will be at the centre of the passengers' attention.

If you are interested in volunteering to be an Engine Cleaner/Fireman(male or female) contact -
